This map shows the building location in relationship to the roads leading into Abilene

Probably the easiest route for all will be to go to the Hwy 83/84 (Winters Freeway) on the west side of Abilene and take the South 14th Street Exit, go east on South 14th to Sayles Blvd, then turn right (south) and the building will be on the right (see map below).

The satellite shot below shows that the only parking around the Cooke Building is in front of the Administration Building (B below) and across the street from the Fine Arts Center (C below). Those of us that are more mobile should probably park across the street and leave the Administration Parking for those with physical challenges.
